SACKS**

FITTING GUIDE

EYELETS

1. Get someone to assist you with the process and have your choice of mounting method close at hand.
2. Place your curtain into position and, when it is correct, fix it in the top two corners first.
3. Have a look and make sure you're happy with the placement.
4. Proceed with fixing the rest of the curtain.

TURNLOCKS

1. Get someone to assist you with the process.
2. Place your curtain into position and, when it is correct, fix it temporarily in the top two corners with screws.
3. Have a look and make sure you're happy with the placement.
4. Mark the positioning of all the turnlocks of your curtain.
5. Remove the curtain and mount the turnlocks.
6. You can now mount your curtain.
